## MONASH WOUND CARE: COURSES THAT FIT AROUND YOU.

If you're looking to build your skills in an area of growing demand, our graduate wound care course could help you take the next step. And because we realise that scheduling can be tough enough as it is, we offer much of the course online, so you can study when it suits you.

**EARN A GRADUATE CERTIFICATE, A GRADUATE DIPLOMA OR A MASTER'S**

We know a whole master's isn't for everyone. That's why our course is designed with multiple exit points, so you can leave with a graduate certificate or graduate diploma instead if you prefer.

**Applications for semester 1, 2019 close 30 November.**
